YI TING LAN

Yi Ting Lan is a Taiwan designer specialising in UI Design, Graphic Design, and Digital Design. I am a dependable team worker in the company.

Even if I have never been exposed to work or software I never stop learned and get myself into the situation quickly. I continue to improve the necessary skills in the workplace, and also like to collect relevant information.

I also hope that will be more development in the future. I have a very positive attitude and full of ideals and ambitions for my work.
